

Sales & Startup of
Process Control
Instrumentation
Northern Virginia

Non-Intrusive Ultrasonic
Flow-Meters
Energy Systems
High Temp Specialists

Toxic and Combustible Gas
Portable Gas Detection and Dräger
Tubes
Respiratory Equipment

Air & Gas Mass Flow Meters
Gas & Liquid Flow Switches
Level Switches

Metal & Glass Tube Rotameters
Thermal Mass Flow
PD meters
Vaporizers, Vacuum

Rupture Disks
Dust Explosion Protection
Vent Panels

Field Instrumentation
Analytical Instruments
Data Acquisition/Recorders

Steam, Liquid, Gas
V-Cone Meters
“No straight run required”
Mag & Propeller Meters

A MEASURABLE ADVANTAGE
Paramagnetic O2
Zirconium Combustion Analysis
Laser Analyzers
NDIR – Industrial Gases

d Systems
Calibration and Start Up Services
Flow Meter Rental, Flow Surveys,
Gas Detection, Annual Service
Contracts

Pressure Transducers & Gauges
Load and Force Transducers
BiMetal Thermometers
RTD's & Thermocouples

VFD- Variable Frequency Drives
Stand Alone N-4 and N-12 Drives
Integrated Panels with Customer
Interface and Interlocks/ByPass

Analyzer Sample Conditioning
Heated Probes
Nafion &
Baldwin Coolers/Driers

Turbine Flow Meters
Liquid, Gas & Steam

Flow Calibration Stands

Vibration & Conditioning
Monitoring For Machinery
Protection

Permanent & Portable Systems

Nuclear Level & Density
Annunciators & Mosaic Displays
Signal Conditioning Systems
Transmitters – I/P's and P/I's
